

SQL DEVELOPER

ETAN Industries is a stable and dynamic organization seeking a Junior Developer to join its team of exceptional, dedicated employees. The Junior Developer will work with the operations team to identify and quantify reporting and data analysis needs, translate those needs into formal reporting requirements, report prototypes and develop reports. This position will assist in taking reports created in MS Access and converting those reports to Crystal Reports or SSRS. Will use SSIS and SSRS to automate report processes and will be responsible for checking the integrity of report data.

*****SQL reporting experience is highly desired*****

Requirements:

- Bachelor's degree in computer science, information systems or equivalent work experience
- 3+ years SSIS and SSRS focus
- Experience creating advanced SQL queries for reporting
- Experience working with Visual Studio 2010 and Visual Studio 2008 BIDS
- Experience with Excel Services
- Strong Crystal Report skills
- Strong understanding of the requirements documentation as well as best practices in report development.
- Strong PC skills including Windows, Excel and Word
- Ability to communicate effectively and concisely, verbally and in writing
- Ability to easily handle shifts in priority

Professional competencies:

- Good communication skills
- Team player
- Good interpersonal skills
- Well organized and detail oriented
- Ability to work under pressure and meet tight deadlines

ETAN Industries is a premiere customer service and business process outsourcing company.
